Paranormal Fiction and Urban Fantasy Series

Paranormal Fiction: This fiction contains elements such as vampires, witches, genies, ghosts, werewolves, fairies, fallen angels, or demons, These stories may also have "romance," but usually they will not be focused on the romance but on the situation the characters find themselves in.

Urban Fantasy: The stories of urban fantasy contain the same elements, but the setting is in an urban areas in contemporary or future times. The city is almost a character, itself.
