Rocks in His Head
Geology Rocks!: 50 Hands-On
Activities to Explore the Earth
Rocks & Minerals
Rocks & Minerals
Rocks
Extreme Rocks & Minerals!
The Best Book of Fossils,
Rocks, and Minerals

Some Activities with Rocks and Fossils:

- * Your child can create their own fossil with playdough by pressing leaves, little action figures, or anything they want.
- * On a walk with your child, see how many different kinds of rocks you see. If it is okay, you can collect them and then discuss the differences about the rocks when you get home.
- * Print out pictures of different fossils (including dinosaur bones if you want), then talk about what the object was (plant, fish....).

Rocks of Many Kinds **("Row, Row, Row Your Boat")**

**Pick, pick, pick up a rock,
You'll never know what you'll find.
Rocks are every where you go,
Rocks of many kinds.**

**Pick, pick, pick up a rock,
It could be really cool.
A piece of marble, agate, or amber
Some are also jewels.**
