

Do You See Shapes?

AT

TODDLERIFIC

MOORE MEMORIAL PUBLIC LIBRARY

1701 9th Ave. N. Texas City, TX

www.texascity-library.org

Books to read together:

E Do	<u>Do You See Shapes?</u>
E Gunzi	<u>My Very First Look at Shapes</u>
E MacDonald	<u>Shape by Shape</u>
E Montague	<u>First Shape Book</u>
E Walsh	<u>Mouse Shapes</u>
E Wegman	<u>Triangle, Square, Circle</u>

Fun activities to do together:

- > Look around the house or out when you are driving or at the store at all of the different shapes there are. Take turns with your child finding these shapes.
- > Pull out your different Tupperware/plastic containers and see the different shapes on the lid. You can also mix up the lids at let you child match them up. You can also put snacks inside and share them as you talk about the shape of the lid.
- > Have a shape hunt and “hide” some cut out shapes for your child to find around the house.

Shape Song:

Shapes

(To the Tune: “Are You Sleeping”)

This is a square, this is a square,
How can you tell? How can you tell?
It has four sides, all the same size.
It’s a square, it’s a square.

This is a circle, this is a circle,
How can you tell? How can you tell?
It goes round and round.
No end can be found.
It’s a circle, it’s circle.

Rectangle: it has two short sides, and it has
two long sides
