I Love Planes!

Little Airplane

(To the Tune of: I'm A Little Teapot)

I'm a little airplane,

(children raise arms at sides to shoulders.)

Now watch me fly!

(They spin one of their arms in front of them as if it were a propeller)

Here are my instruments

From down low to up high.

(With their other arm, they reach from the ground to above their heads.)

First I get revved up.

(Children make engine noises)

Then I can fly,

(Children raise arms to shoulders)

Lifting off the runway

(They start walking forward.)

Up into the sky!

Flying Song:

Some "Flying" Activities:

- Pretend you're an airplane and take off, fly around, and then practice landing
- See if you can see airplanes in the sky or see the trails of white clouds that they leave behind
- If you were a rocket ship, where would you travel to in space? Would you like to see other planets? Pretend you are traveling through space.
