window, Going down the highway.

## Fun things to do together:

\* Set up a little obstacle course with various roadblocks, such as pillows or stuffed animals. Your toddler is the "car" or "truck" and they must drive around the roadblocks to get to their destination. (Don't let them forget to make the car sounds.)

\* Play a round of red light, green light with your toddler and change up the activities as you move around.

\* Look out the window with your toddler and find out how many different kinds of cars and trucks you can see (colors, windows, wheels). You can also point out different streets signs, too.
