Froggy things to do together:

* See if your toddler can jump and sound like a frog, you can even put down green paper to be lily pads so that your “frog” can hop from one to the next

* The website:

<http://animaldiversity.ummz.umich.edu/site/topics/frogCalls.html>, has different frog calls that your toddler can listen to. Look at the different pictures, and see if your toddler can sound like the different frogs.
