## Some "About the Morning" Activities:

\* Talk about each step that you and your child go through in the morning and why you go in that order.  
\* Take a morning walk and discuss all of the things you can see in the morning and discuss how it is different from other times during the day.  
\* Make a colorful play dough sun catcher by using contact paper and different colored play dough. Cut a piece of the contact paper as big as you would like your toddler to make (8"x4" and up). Then your child can push the play dough around to create a "picture." Just make sure it is thin enough for the sun to come through. Put another piece of contact paper on the top and hang it in the window. The step by step process and picture can be found at:

## A Good Morning Song

Good Morning, Good Morning  
(To the Tune of "A Tisket, a Tasket")

Good morning, good morning  
It's time to say good morning  
Another day has just begun  
I know that we'll have lots of fun!

Good morning, good morning  
It's time to say good morning  
I'm very glad that you could come  
So we can play and have some fun!
