Froggy Goes to the Doctor
ABC Doctor
Vera Goes to the Dentist
Katie Goes to the Doctor
Freddie Visits the Dentist
ABC Dentist](#)

Some Doctor, Nurse, or Dentist Activities:

- * Practice going to the "doctor's office" or "dentist's office" with your toddler. Practice getting their temperature checked, getting their teeth checked, checking their reflexes, etc. You can also let your toddler be the doctor and give you a checkup.
- * Discuss some of the ways that doctors, nurses, or dentists can help, such as putting band aids on sores or injuries, giving medicine to make you feel better, cleaning your teeth to make them feel better, helping get a tooth out, etc.
- * At the website, <http://www.nickjr.com/kids-health/going-to-doctor/pediatrician/>, there are certificates to print out for your toddler after a trip to the doctor, a checkup checklist, and much more.
- * Discuss tools that the doctors and dentists will use (show pictures).

Going to the Doctor

("Goin' to the Chapel and We're Gonna Get Married)

Goin' to the doctor
And I'm Gonna feel all better
Goin' to the doctor
And I'm Gonna feel all better

Being sick is really no fun
So we're
Goin' to the doctor
Goin' to the doctor today!

You can also sing "dentist" instead of doctor, too.
